

KEEPING SAFE

Safeguarding Information for the Bolingbroke Team Ministry

Most of the time at church we are like a big happy family. However, even in very happy families people can have a bad day and even people we know and trust can upset us.

We want to help everyone have good days all of the time. We try to make sure that people who have jobs in the church always behave well and in a way that is helpful to you. We never want anyone or anything in church to frighten you, confuse you or worry you.

It is important that you tell us if something is upsetting you or if you are feeling worried about something that's happening or something somebody is doing.

We have specially trained people who you can talk to and who you can ask for help. These people are good at safeguarding. This means they look after everyone's safety. Caring for people is a very important part of our Christian life.

The people who can help you are the parish priests or the parishes safeguarding officers.

You can contact the safeguarding officers

(we have a number of different people for the various parishes)
